

The Campbell Clinic Peer Review

Designed to encourage collaboration between local dental practitioners

The Campbell Clinic Peer Review

The Campbell Clinic aims to provide a Peer Review group for discussion of like-minded practitioners, to allow collaboration and idea sharing to make things better and receive verifiable CPD in the process.

The mission statement of The Campbell Clinic is to positively influence the lives of as many people as possible through the work we do and the example we set and the peer review is part of this.

The Campbell Clinic supports peer review groups for general dental practitioners, young dentists, hygienists and practice managers and all are welcome at all meetings.

2024 Speakers

Professor John Gibson

Lucie Simic

Mike Gow

Chris Barrow

Laura Horton

27th November

Treatment Coordinators

With Laura Horton

Venue

Our Peer Review meetings will be held at The Campbell Clinic/Academy in Nottingham.

The Campbell Clinic
Edwalton Business Park
Landmere Lane
Edwalton
Nottingham
NG12 4JL

Peer Review Format

Peer Review evenings will commence at 7pm, with lectures starting at 7.30pm and running until 9pm.

When arriving at the practice, please park in the designated spaces that are marked as 'The Campbell Academy'; you can then enter the practice using the door with The Campbell Academy sign above.

We kindly ask that attendees contribute a donation of £20, which will be given to one of the charities we support. You can read more about these [here](#).

The link to donate is [here](#), and if you would like to put your name down for any of the evenings, please contact Millie via the email address [here](#).

Snacks and drinks will be provided.

The Buying Group

The Buying Group, in collaboration with Wrights, provides dentists in the local area access to significant discounts.

The brochure is [here](#), which shows the benefits of the buying group, including substantial discounts for members and particular discounts on Wrights's own products.

It also offers the opportunity for 'named products' to be discounted per surgery, which gives an exceptional opportunity to save money as a group of like-minded practitioners.

One of the great advantages of the buying group is that it provides a rebate back to the group of significant sums, which can then be decided upon by the group overall.
